## Skills

- **Frontend & UI:** React, Next.js, Vue, JavaScript, TypeScript, HTML, CSS, SCSS, Tailwind, Bootstrap
- **Backend & Data:** Firebase, REST APIs, Django, MySQL, PostgreSQL, MongoDB, SQLite
- **DevOps & Tools:** Vite, Webpack, Docker, Git, GitHub, GitLab, CI/CD, npm, pnpm, yarn, Terraform
- **Testing & Cloud:** Cypress, Unit, Integration, E2E, Load Testing, Google Cloud, AWS, Cloudflare Workers
- **Other:** Figma, Accessibility, SEO, Responsive Design, Performance Optimization, English, Russian, Lithuanian

## Experience

**Co-Founder & Front End Engineer** **Panda Bash** *Kirkland, WA - Remote* **07/2024 - Current**

- Architected & developed an events management platform in **React (Vite), TypeScript, Firebase (Firestore, Auth), and Cloudflare Workers**.
- Implemented a secure authentication process with **Firebase Authentication** that incorporated email-based admin access management.
- Integrated **Square Payments API** with real-time transaction processing, dynamic calculation of state taxes & fees, client-side card validation and webhooks for payment receipt and email receipt.

**Software Engineer – Front End** **Itential** *Atlanta, GA - Remote* **11/2021 - 05/2023**

- Led the front-end development and participated in the design of 2 enterprise-level microservice applications, taking part in driving Itential's revenue to reach its peak of \$25.0 million in 2023 using the latest technologies of **React, React Charts, Emotion, SCSS, JavaScript, and TypeScript**.
- Optimized user experience for engineers at Itential, resulting in a 45% improvement in page load and a 75% reduction in bug reports
- Took responsibility for many applications used by Fortune 500 network engineers ensuring smooth migration with minimal downtime.
- Collaborated on developing a **Swagger** file differentiation tool, enhancing the accuracy of the interface updates in the Itential Automation Gateway and Itential Cloud Automation. This upgrade to the auto-generation engine resulted in a 40% reduction in manual interface adjustment and a 60% lower error rate in the new feature integration.
- Continuous Integration/Deployment Pipeline Integration, pull requests, code reviews, load/stress testing, unit/integration/e2e testing.

**Front End Developer, Contract** **Minority Programmers Association** *Washington, D.C, USA - Remote* **04/2021 - 07/2021**

- Designed the development and deployment of a **Next.js** microservice utilizing **Tailwind CSS** for a streamlined user interface, enhancing the efficiency and maintainability of the MPA's Mentor to Student search, communication, and teaching service.
- **Reported directly to CTO:** Assisting the development of different projects with current interns, as well as testing the production code.

**Front End Developer, Contract** **Evergreen Athletics** *Woodinville, WA, USA* **11/2018 - 11/2021**

- Built, hosted, and managed a business website that increased the volume of new customers to the gym by more than 300%.
- Developed the User Panel as well as the Admin Panel for future maintenance using **HTML, CSS, and JavaScript on SportsEngine**.

**Web Developer, Intern** **Visaginas Sports Center** *Visaginas, Lithuania* **01/2018 - 07/2018**

- Joined a team of two Senior Developers to perform daily tasks of managing the website, reducing bug reports, and learning best practices in **HTML, CSS and JavaScript jQuery**.

## Education

**Professional Certification** **Harvard University** *Cambridge, MA, USA*

- Web Development with Python and JavaScript, CS50W

**Professional Certification** **Harvard University** *Cambridge, MA, USA*

- Computer Science. CS50

**Professional Certification** **University of Washington** *Seattle, WA, USA*

- Front End Web Development with HTML, CSS & JavaScript

**Associates of Arts** **Visaginas City College** *Visaginas, Lithuania*

- Major in Culinary Arts

## Others

- **FrontendExpert Completion:** A course created by ex-Google, ex-Facebook and ex-Amazon software engineers to provide the best practices of fundamentals and modern Front End Development.
- **LinkedIn Assessments Top Scorer:** **CSS - Top 5%** out of 2M people | **HTML - Top 15%** out of 3.8M people | **JavaScript - Top 15%** out of 2.5M people | **React - Top 20%** out of 2M people.
- **HackerRank Certification** – Frontend Developer (**React**)
