Skills

- React | JavaScript | TypeScript | Next.js | Vue | Nuxt.js | Redux | jQuery | MySQL | Git | GitLab | GitHub | Gulp | Figma | Cypress
- CSS | HTML | SASS | SCSS | Tailwind | CI/CD | Bootstrap | Frontend Development | pnmp | npm | yarn | Google Cloud Platform
- C | Vite | Jira | RESTful API | Webpack | Docker | Django | MySQL | Python | SQLite | MongoDB | postgreSQL | Testing Frameworks
- Microservices | Distributed Systems | Accessibility | Performance Optimization | Responsive Design | SEO | SaaS | AWS | Terraform
- English, Russian, Lithuanian – *All professional proficiency or above*

Experience

Front End Developer	**Upwork**		**07/2023 - Current**

- Developing and maintaining **Next.js** applications for various freelance clients, ensuring timely completion and client satisfaction.
- Providing front-end solutions using **HTML, CSS, JavaScript and TypeScript** for clients, meeting deadlines and expectations.
- Completing front-end projects with **React and Vue.js**, communicating effectively to understand requirements and deliver results.

Software Engineer – Front End	**Itential**	*Atlanta, GA - Remote*	**11/2021 - 05/2023**

- Led the front-end development and participated in the design of 2 enterprise-level microservice applications, taking part in driving Itential's revenue to reach its peak of $25.0 million in 2023 using the latest technologies of **React, React Charts, Emotion, SCSS, JavaScript, and TypeScript.**
- Optimized user experience for engineers at Itential, resulting in a 45% improvement in page load and a 75% reduction in bug reports
- Took responsibility for many applications used by Fortune 500 network engineers ensuring smooth migration with minimal downtime.
- Collaborated on developing a **Swagger** file differentiation tool, enhancing the accuracy of the interface updates in the Itential Automation Gateway and Itential Cloud Automation. This upgrade to the auto-generation engine resulted in a 40% reduction in manual interface adjustment and a 60% lower error rate in the new feature integration.
- Continuous Integration/Deployment Pipeline Integration, pull requests, code reviews, load/stress testing, unit/integration/e2e testing.

Front End Developer, Contract	**Minority Programmers Association**	*Washington, D.C, USA - Remote*	**04/2021 - 07/2021**

- Designed the development and deployment of a **Next.js** microservice utilizing **Tailwind CSS** for a streamlined user interface, enhancing the efficiency and maintainability of the MPA's Mentor to Student search, communication, and teaching service.
- **Reported directly to CTO**: Assisting the development of different projects with current interns, as well as testing the production code.

Front End Developer, Contract	**Evergreen Athletics**	*Woodinville, WA, USA*	**11/2018 - 11/2021**

- Built, hosted, and managed a business website that increased the volume of new customers to the gym by more than 300%.
- Developed the User Panel as well as the Admin Panel for future maintenance using **HTML, CSS, and JavaScript on SportsEngine.**

Web Developer, Intern	**Visaginas Sports Center**	*Visaginas, Lithuania*	**01/2018 - 07/2018**

- Joined a team of two Senior Developers to perform daily tasks of managing the website, reducing bug reports, and learning best practices in **HTML, CSS and JavaScript jQuery.**

Education

Professional Certification	**Harvard University**	*Cambridge, MA, USA*	**06/2020 - 09/2020**

- Web Development with Python and JavaScript, CS50W

Professional Certification	**Harvard University**	*Cambridge, MA, USA*	**02/2020 - 06/2020**

- Computer Science. CS50

Professional Certification	**University of Washington**	*Seattle, WA, USA*	**01/2019 - 09/2019**

- Front End Web Development with HTML, CSS & JavaScript

Associates of Arts	**Visaginas City College**	*Visaginas, Lithuania*	**09/2012 - 06/2015**

- Major in Culinary Arts

Others

- **FrontendExpert Completion**: A course created by ex-Google, ex-Facebook and ex-Amazon software engineers to provide the best practices of fundamentals and modern Front End Development. **(10/2023)**
- **LinkedIn Assessments Top Scorer: CSS - Top 5%** out of 2M people | **HTML - Top 15%** out of 3.8M people | **JavaScript - Top 15%** out of 2.5M people | **React - Top 20%** out of 2M people.
